Purpose of Retention and Disposal Schedule

The PRRT Retention and Disposal Schedule (hereafter known as the Schedule) identifies the disposal arrangements for records created by PRRT. The Schedule complies with the requirements of the Public Records Act (NI) 1923 and the Disposal of Documents Order (S.R. & O. 1925 No.167). Commitment to operation and compliance of the disposal schedule is stated in the PRRT Records and Information Management Policy.

The guidelines stated in the Schedule are applied irrespective of format or media.

Format of the Schedule

The Schedule follows a functional file plan. It reflects the functions, activities and transactions of PRRT rather than an organisational structure.

Operation of the Schedule

Closing of Records

Records should be closed as soon as they have ceased to be of active use.

When a record is due to be closed the applicable administrative procedures for closure should be followed. Closing a record means that no documents can be edited and no further documents can be added. The record has now entered into its retention period, but can continue to be used for reference purposes, known as 'read-only'.

Retention Period

The retention period for each record is calculated from the point the record is closed. For example, if the retention period, as recorded on the Schedule is 5 years and the action is destroy, then a record closed on 10 October 2013 should be retained until 10 October 2018.

Records may also be tied to the financial year in which they operate, for example, a payment made in June 2013 will relate to the financial year 2013/14 and should be retained until March 2020 when the CFY plus 6 years will have passed.

Categories of Disposal

The two categories of disposal which relate to records are:

- **Destroy**

The records are disposed of securely and in line with departmental policies and procedures. The only exception to destruction is if the information is subject to an ongoing legal, audit or FOI case. Destruction must be approved by the Information Asset Owner (IAO).

- **Permanent Retention by PRRT**

The records are permanently retained by PRRT for administrative or legislative purposes and will be physically or digitally managed in an accessible format within accredited record keeping systems.

New/changed Functions

If any functions or classes of records are created or changed during the life of the Schedule, and are not reflected in the current Schedule, advice must be taken from the Data Protection Officer and or Corporate Services Manager on whether there is a requirement for PRRT to re-draft, and resubmit the Schedule.

Recording Disposal Actions

All records due for disposal must be recorded onto a Disposal List by each Business Area. These may take the form of a spreadsheet or database and contain the file/container name, relevant closure & disposal dates and Information Asset Owner approval details. This list *must* be retained permanently to provide transparency and accountability for the Department's disposal actions. Detailed information is contained within the Processes for Retention and Disposal section.

Roles and Responsibilities

The roles and responsibilities are outlined below:

- **All Staff**

All members of staff are responsible for documenting their actions and decisions by creating records and for maintaining the records in accordance with records management best practice.

- **Information Asset Owners**

Information Asset Owners (IAOs) will have an understanding of the records held by their business area and will approve the disposal decisions, and associated mechanisms, to ensure compliance within their business area. Full details of IAO are listed in the PRRT Information Asset Register.

Commitment to Preserving Records

PRRT is committed to ensuring that the records it receives/creates will be physically or digitally well maintained whilst in the custody of PRRT.

PRRT is committed to reviewing the Schedule every three years.

Date of next review 05/06/2021

Schedules for the Retention and Destruction of Records

Client Services		
Record	Retention Period	Action
Psychological Therapies Records	<ul style="list-style-type: none"> • 20 years from last contact • 8 years after death if in treatment on demise • Up to 26th birthday for children or young people (16 years) • OH client records to be returned after 8 years to the OH department of the related contract (only if stated in the contract terms). • PSNI OH - client records to be destroyed after 8 years. Processes for Retaining and Destroying

Client Documents

Files to be archived (From 1st January 2016)

1. All files identified for storage must have a record occurrence sheet completed (Annex A) which will require said file to be scanned onto TM2.
2. The file being scanned onto TM2 should be recorded on the appropriate spreadsheet. For each department these are listed as:
 - (ii) Data Retention Physio
 - (iii) Data Retention Psychology
 - (iiii) Data Retention Personal Development and Training
 - (ivi) Data Retention FTR
 - (vi) Data Retention NIPS

All information relating to the fields in this spreadsheet must be completed. Files are stored on the S Drive\Data Retention and Destruction\Data Retention and Destruction spreadsheet\ (then department spreadsheet)

3. Once the file is scanned onto TM2 the file is destroyed, (unless it is an OHW file, see below). The record occurrence sheet; filed by department is kept by either CA or PD&T admin.
4. OHW files are returned to PSNI OHW.

Client Returns – File is currently in the Archive

1. Client file is taken from the archive.
2. Spreadsheet is updated.
3. Record occurrence sheet is completed, this file will now be scanned onto TM2 and the paper file deleted.
4. Update spreadsheet.
5. When the file is destroyed the record occurrence sheet; filed by department is kept by either CA or PD&T admin.

NIPS Files (Original Contract)

1. NIPS files must be stored in hard copy only as per contract conditions.
2. Client files are archived.
3. Spreadsheet is updated.
4. Record occurrence sheet is completed.
5. Update spreadsheet.
6. When the file is destroyed the record occurrence sheet; filed by department is kept by either SA or PD&T admin.

Personal Development CVs and Training Records

Client Assignment/Exam Submissions

1. Hard copy assignments held in a secure, locked filing cabinet.
2. Assignment record updated
3. Hard copy assignment destroyed; record sheet updated and held by Quality Assurance Coordinator

Curriculum Vitae Document

1. Held securely in electronic folder, accessed by password
2. Content of folder updated on spreadsheet
3. Documents destroyed in line with retention policy
4. Record on spreadsheet updated

Job Register

1. Electronic record held of job register clients
2. Records reviewed in line with retention policy
3. Record updated in line with retention policy
4. Electronic record deleted
5. Record of removal updated

Finance Papers

- The retention period for all finance papers is current financial year plus six previous financial years, with the exception of those marked with an * below.
- A record should be kept of what is put into each storage box – see file in folder:
Finance/5.Admin/aaFiling & destruction of documents/Boxes in storage and contents
- A record should be kept of what is destroyed each year – see file in folder:
Finance/5.Admin / aaFiling & destruction of documents /Recording the Destruction of documents

Below is a summary of the main papers that need to be put into storage at the end of each financial year.

- 1 Sales Invoices
- 2 Receipts
- 3 Credit Notes
- 4 Purchase Invoices
- 5 Bank Statements
- 6 Cash Forecasts to DOJ
- 7 Cash Drawdowns to DOJ
- 8 RBM (Resource Budgeting) Returns to DOJ
- 9 Departmental Board Reports to DOJ
- 10 Prompt Payment Returns to DOJ
- 11 Salaries/Payroll files - PRRT
- 12 Timesheets
- 13 Chip & Pin - Statement and Receipts
- 14 Payment Runs
- 15 Management Accounts
- 16 Year End Statutory Accounts
- 17 *Supplier BACS details - only retain **current year and 1 previous year**)
- 18 *Supplier Reconciliation Statements - only retain **current year and 1 previous year**
- 19 Supplier Queries
- 20 SLAs (once they are no longer in use put into storage)
- 21 *Internal Audit Reports -**retain for current year plus 10 previous years**
- 22 Any other financial papers deemed necessary by Head of Finance and Shared Services

HR files

- The retention period for the personnel files (p files) of former members of staff, Board Members and Associates is 6 years from the date of leaving. When a member of staff, Board Member or Associate leaves, their p file is removed from the filing cabinet housing current staff/Board Member or Associates files and stored in the leavers filing cabinet in the HR Manager's office.
- The retention period for recruitment paperwork is one year from the final date of interview. On completion of recruitment campaign all recruitment papers are archived in a secure cabinet in the HR Manager's office.
- The HR Administrator maintains the retention and disposal schedule for HR records and, on authorisation from the HR Manager, records are appropriately destroyed in line with their protective marking and the retention times detailed above
- A record is kept of the records destroyed (kept in a secure cabinet in the HR Manager's office)

Annex B - Location of files

Files archived (not yet ready to be destroyed)

Healthcare:

All client files for clients not in treatment are stored in the secure storerooms on the ground floor of the main PRRT building. The rooms are access controlled with only those required to have access being able to enter.

PRRT - staff OH files (where staff have received either psychology or physio services). These files are stored in the HR office in a locked filing cabinet. The door to the HR office is also kept locked when unoccupied and limited staff has access to this office.

Personal Development and Training:

All client files not in use are stored in the secure room in the training building (old FTR filing room). This room is access controlled with only those required to have access being able to enter.

Full Time Reserve:

Client files for FTR, some are stored in the secure room in the old RIR building and some are stored downstairs on the ground floor of the main PRRT building.

Prison Service:

All old client files are stored in the secure room in the training building (old FTR filing room).

Finance Files:

All files outside of the current financial and the previous financial year are archived after each year-end audit is complete. These are stored in the training building in the storeroom at the back of the IT suite.

HR Files

All leavers' files and recruitment files are stored in the HR Manager's office

Live Files:

Healthcare:

All live files are stored in the Services Administration (SA) room – this related to only Psychology files until First Assessment which are then destroyed; after this point the client file is electronic.

Personal Development and Training:

All live files are stored in the Services Administration (SA) room. This relates specifically to funding applications. After funding payment is made the file is scanned onto the client database; PDETS is a paper free service.

Full Time Reserve:

Client files for FTR, some are stored in the secure room in the old RIR building and some are stored downstairs on the ground floor of the main PRRT building.

OFFICIAL

Prison Service:

All client files are stored in the SA room until after FA then scanned to TM2 and files destroyed.

Finance Files:

Live files are stored in the finance office. This consists of current year files and previous financial year file.

HR Files:

Live p files are stored in the HR Manager's office. Live recruitment files are stored in the secure HR cabinet within the Finance Office.
